Dear Mr. Phipps,

I commend Lobar, Inc. for their excellent efforts as the general contractor in building the new 310,000 square foot Dallastown Area Intermediate School.

The building was constructed under an accelerated schedule under the direction of dedicated supervisors from Lobar, Inc. They continually demonstrated to me their knowledge of construction and their commitment to doing the very best. We asked for high expectations in the quality and the timeliness of this project, and Lobar responded to these expectations from the first day of construction through the completion of "punch list" items.

Please do not hesitate to call upon me a reference for Lobar, Inc.

Sincerely,

A handwritten signature in black ink that reads "Stewart Weinberg". The signature is written in a cursive style with a long, sweeping underline that extends to the left.

Stewart Weinberg, Ph.D.
Superintendent
