Dear Mr. Eichelberger:

I express my personal appreciation for your company's outstanding performance on the Exterior Repairs contract at Naval and Marine Corps Reserve Center Lehigh Valley. The efforts of your personnel, especially Kay Gasswint, were exceptional. The coordination, planning and quality of workmanship produced a high-quality project despite encountering differing site conditions and adding roof replacement to the project scope.

Your company and entire staff are commended for their spirit of partnering, dedication and professionalism. The concentrated efforts placed on this project resulted in the timely completion of the exterior repairs and replacement of the roof, much to the satisfaction of the end user and the Navy. From the overwhelmingly positive feedback I received from my staff, it is with great pleasure that I thank you for your solid contribution to our Navy mission.

Again, I congratulate you and all members of your organization on your outstanding performance and wish you success on all future endeavors.

Sincerely,
