Dear Mr. Eichelberger,

Lobar Inc. recently provided services for a project at the Dixon University Center. The project went very smoothly. The staff that worked on our project conducted themselves professionally at all times. James, Sam, Tim, Roy, Jen and all the other Lobar employees that worked on our project were superb. Not only were the staff professional, but James and Sam always went above and beyond to make sure that our needs were met, changes were addressed, and our facilities were in top notch shape. I couldn't have asked for that aspect of the project to go any better.

Thank you, and your staff, for the exceptional level of customer service that was provided to us. We would be happy to provide a reference for you if you should ever need it.

Sincerely,
