Subject: SW & SE

Good morning Mr. Johnson,

The ceiling removal at SW has been stopped. The ceiling at SE is non ACM so it can proceed with care. We must try and avoid DATA lines and if damaged inform Jim immediately so we can repair.

Beyond that I need to talk with you regarding water line and if you agree to put parking in binder. The ceiling at SW and the steel cross members.

As an aside Lobar has again exceeded expectations in the final stages at Harding. Lobar is darn hard to beat, a great group to work with and can be depended upon.

Thank you,

CEF
