Lobar Construction Services
1 Old Mill Road
Dillsburg, Pa 17019
Attn. Mr. Eichelberger

Dear Rich,

I would like to acknowledge the fine work and cooperation exhibited by your employees to achieve the opening of Harding Elementary School for school year 06 & 07.

The leadership shown by the superintendent, Mr. G. Smith set the pace and caused other contractors to join in a common goal. There was never a negative attitude and always a desire to resolve difficulties which set a positive mental attitude.

The support the project received by Mr. Lebo Project Manager in no small way contributed to the successful completion of work necessary for the opening of school.

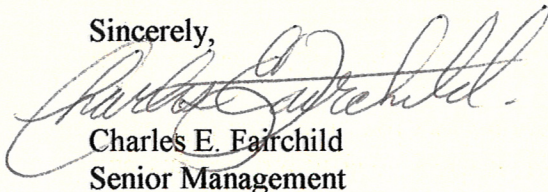

And as always Mr. Johnson's no nonsense attitude was invaluable when it came to dealing with sub-contractors, in addition during meetings where difficulties were discussed Mr. Johnson made decisions that others viewed as decisive and cooperative. This fostered a uniform effort.

I have had the pleasure of working with some fine Lobar construction teams and would rank this team among the best. I would also like to commend the workers assigned to this project on their work ethic and can do attitude.

I sincerely hope that I have the opportunity to work with this team on future projects.

Please pass along my comments to the team.

Sincerely,

Charles E. Fairchild
