Dear Danny,

The purpose of the letter is to express our appreciation for the management of the Kane Middle School Project. When I first met Dana and Benny on site back on December 10, 2008, I was impressed by the direct and competent attitude expressed by these gentlemen.

Dana and George (our foreman) would butt heads at times, but that is typical on all projects when highly motivated people are in the act of pushing the work to meet their respective goals. "Too many bulls in the barn", comes to mind. My experience working with Jason Bogel and Danny Long was always pleasant and professional.

The fact that there were no Change Orders and numerous RFI's to slow the project down, helped us in meeting our productions and hopefully your overall goals. Thank you for a good job and we hope to work with Lobar again in the future.

Regards,

Dennis McCarthy
