Dear Andy:

The site visit by our Civil Engineering students to view the nearly completed indoor pool addition to the CUB building on campus. was very beneficial and well received by them. I appreciate your willingness to facilitate the visit and your efforts to ensure that it would be a meaningful experience for them. My sincere thanks to you personally for being so accommodating and my appreciation for the competence exuded.

These experiences gained outside of the classroom are invaluable to students preparing for careers in the construction industry.

Cordially,

Linford L. Harley,  
Assistant Professor
