RE: Spring Grove Area School District Middle School Renovation - Appreciation

Dear Mr. Eichelberger:

With the conclusion of the renovation project at Spring Grove Area Middle School, we have begun the close-out activities. As we reflect on the work completed on the project, Chad O'Neill comes to mind for the tremendous effort he put in to the success of our renovation.

Chad demonstrated quality leadership and was a productive member of the construction project team. He exhibited a "can do" attitude and his performance supported that demeanor. Chad was cooperative and worked hard to ensure solutions were available for any problem the team faced.

We are finalizing the successful completion of the project due to the efforts of an entire team of professionals, consisting of the architect, the construction manager, the School District, and the contractors. LOBAR's electrical work was a success due to the leadership displayed by Chad and his ability to keep his team, and those around him, concentrating on the job at hand. For that, we extend our sincere thanks.

We are appreciative of Mr. O'Neill's contribution to the project and wanted to share this sentiment with you.

Sincerely,

George W. Ioannidis  
Business Manager
