Dear Mr. Eichelberger:

On behalf of the Warwick School District, I want to thank you for hosting the construction completion party at Lititz Elementary School. Since this event, I have received an abundance of positive comments regarding Lobar's generosity in hosting the buffet, and the tours of the building evidencing the fine workmanship.

Over the years, the Warwick School District has maintained a very positive relationship with your company. We greatly appreciate how you coordinated construction projects at John R. Bonfield Elementary School, John Beck Elementary School, Warwick High School, and Lititz Elementary School. Through your efforts, we have buildings that meet the educational needs of our students, and will serve our community far into the future.

It has been my pleasure working with you.

Sincerely,

A handwritten signature in black ink that reads 'Stephen A. Iovino'.

Stephen A. Iovino, D.Ed.
