To Whom It May Concern:

It is without hesitation that I recommend the services of Lobar, Inc., Dillsburg, PA. As the general trades contractor, Lobar was the lead contractor in the construction of the Indiana County Jail, Indiana, Pennsylvania. The construction of a jail is a very complex, expensive and a challenging job to undertake.

Although our project started three months behind schedule, we completed on time and on budget. During our bi-weekly construction meetings, I observed our project manager, Charlie Shughart, coordinate time schedules and gain the cooperation of the other eight prime contractors. If we needed it, it was ordered; if it had been ordered, it was delivered and waiting to be installed.

During construction, our superintendent, John Knapik provided the day-to-day oversight necessary to ensure timeliness and quality to our project. The honesty, integrity and competency demonstrated by these two gentlemen that represent Lobar, Inc. is to be commended.

If I may provide any further information in your consideration of Lobar, Inc., please feel free to contact me.

Sincerely,

A handwritten signature in blue ink, appearing to read "Carol L. Wilson".

Carol L. Wilson
Warden
